

[TC-MR12-49] Official Quote Automation – Webtop – Other Tables – MARS Official Quotes in Excel format

Result: FAIL

Reason: Very narrow display of the Excel table when selecting "Open".

The screenshot shows the MARS Admin web application in Internet Explorer. The page title is "MARS Admin - Windows Internet Explorer". The address bar shows the URL "http://mars-admin1.cerberus.it/MPant/Menu.asp". The page has a blue header with the MARS logo and navigation links: "MARS Admin Tools", "Library Parameters", "Users and Groups", and "Validation Tables". The "Validation Tables" section is active, showing a table of data. The table has columns for "MARS Ref", "Adoption/Document DATE", "Author Service", "Author Name", "Secret By", "ID", "Title", "Classification", "Confidentiality", "Delivered to GNC", "GNC ST No", and a date. The table is displayed in a very narrow format, making the text difficult to read.

MARS Ref	Adoption/Document DATE	Author Service	Author Name	Secret By	ID	Title	Classification	Confidentiality	Delivered to GNC	GNC ST No	date
