

PRJ350: Essentials of Tailoring Methods with IBM Rational Method Composer v7.0.1

Course Release Notes

1 General Updates to the Module Materials

This course is the second release of PRJ350. It is now a **two-day** instructor-led course. Modules 6, 7, 8, and the Appendix are new.

1.1 Changes to Module 1

- Updated to Rational Method Composer v7.0.1
- Improved organization of content
- Reduced the number of slides
- Added discussion, demonstration, and exploration activities

1.2 Changes to Module 2

- Updated to Rational Method Composer v7.0.1
- Improved organization of content
- Reduced the number of slides
- Added discussion, demonstration, and exploration activities

1.3 Changes to Module 3

- No changes

1.4 Changes to Module 4

- Updated to Rational Method Composer v7.0.1

1.5 Changes to Module 5

- Updated to Rational Method Composer v7.0.1

1.6 New: Module 6

- New material on using variability in Rational Method Composer v7.0.1

1.7 New: Module 7

- New material on using variability in Rational Method Composer v7.0.1

1.8 New: Module 8

- New material gives students a problem-solving opportunity in the tool. They must create a process with little step-by-step guidance. They will review all concepts learned.

1.9 New: Appendix

- Contains advanced concepts
- Not intended for use as-is. Student needs will determine sections covered.

2 Known Problems

2.1 Known Problems in Manual at Time of Production

- None

2.2 Known Problems in Labs at Time of Production

- None

3 Change Requests and Contact Information

If you have any questions regarding these materials, please contact J. Carlos Goti (408-342-4743 cgoti@us.ibm.com) or Amanda Brijpaul (408-342-4683 aibrijpa@us.ibm.com).
