

ISR-Partial list of tasks to be implemented

Tasks	Who	Time[Hours]	HR Priority	Status 30/04/13	Remarks
ISR-Lessons learnt implementations					
Ch.4,5,6 ADJUSTMENTS					
Ch.4,5					
Engagement changed to Regime in Screening ( and throughout the app)					
Datagridview-sorted by Last_Name by default; Possibility to sort by DOB-YMD					
Default sorting order to be preserved in Screening (and for any window displaying candidates under processing)					
Screen as a group: should not be allowed for candidates beyond screening stage or the ones negatively screened.					
Screen all positions doesn't color the records in the new status					
Deal with the last record displayed in datagridviews- Error msg					
HRO remarks for Panel: All remarks added by HRO should be visible with HRO : and all should be displayed fully if don't have "Conditionally" etc.....(Conditionally, Positively, Negatively) should be displayed only the last one.					
Enlarge the field for remarks (nr of characters)					
Ch.6 Shortlisting					
Fix filter of Not Processed candidates; NotProcessed changed to Not Marked and means all candidates still in Screening statuses, without any further processing on them					
NS automatically should work on initial candidates displayed caselot (NS = NotShortlisted)					
NS automatically;the button should not be enabled if contracted displayed are shorlisted					
Total working hours:		12			
Total working days:		1.5
