00.01 National System Authorization in SINS	YES	YES	YES	YES	YES	YES	YES	YES	YES	YES	YES	YES	YES	NOT		YES	NOT	NOT	NOT	N/A	1
00.02 User Authentication/Authorization in SINS	YES	YES	YES	YES	YES	YES	YES	YES	YES	YES	YES	YES	YES	YES		YES	YES	YES	YES	N/A	2
01. creation alert																					
01.02. Create Person Signaling	YES																				3
01.01. creation alert Object																					
01.01.01 Creation of banknote signaling	YES																				4
01.01.02 Creation Signaling Boat engines	YES																				5
01.01.03 Firearms Signaling Creation	YES																				6
01.01.04 Creation of industrial equipment signaling	YES																				7
01.01.05 Creation of registration plates	YES																				8
01.01.06 Creation of securities notification	YES																				9
01.01.07 Creation of notification of incomplete documents	YES																				10
01.01.08 Creation of released document alert	YES																				11
01.01.09 Creation of boat signalling	YES																				12
01.01.10 Creation of container signaling	YES																				13
01.01.11 Creation of aircraft signaling	YES																				14
01.01.12 Creation of vehicle signaling	YES																				15
01.01.13 Creation of vehicle registration document notification	YES																				16

02. CHANGE alert				
02.02 Modification of Person Signaling		YES		17
02.01 CHANGE alert Object				
02.01.01 Banknote signaling change		YES		18
02.01.02 Modification of Signaling Boat engines		YES		19
02.01.03 Amendment Signaling of firearms		YES		20
02.01.04 Modification of signaling industrial equipment		YES		21
02.01.05 Modification of registration plates		YES		22
02.01.06 Change in signaling securities		YES		2. 3
02.01.07 Change in reporting incomplete documents		YES		24
02.01.08 Change in the notification of released documents		YES		25
02.01.09 Modification of boat signaling		YES		26
02.01.10 Modification of container signaling		YES		27
02.01.11 Modification of aircraft signaling		YES		28
02.01.12 Modification of vehicle signaling		YES		29
02.01.13 Modification of vehicle registration document signaling		YES		30
02.03 Modification of the signaling expiry date		YES		31
02.04 Addition of binary signaling information		YES		32
02.05 Deleting signaling binary information		YES		33
03. Clear alert				
03.02 Deletion of Signaling Persons			YES	34
03.01 Clear alert Object				
03.01.01 Delete banknote alert			YES	35
03.01.02 Deletion Boat engine signaling			YES	36
03.01.03 Deletion Signaling of firearms			YES	37
03.01.04 Deletion of industrial equipment signaling			YES	38
03.01.05 Deletion of registration plates			YES	39
03.01.06 Deletion of securities notification			YES	40
03.01.07 Deletion of incomplete documents			YES	41
03.01.08 Deletion of released documents			YES	42
03.01.09 Deletion of boat signaling			YES	43
03.01.10 Deletion of container signaling			YES	44
03.01.11 Deletion of aircraft signaling			YES	45

Task	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	21	22	#
03.01.12 Deletion of vehicle signaling			YES																				46
03.01.13 Deletion of vehicle registration document notification			YES																				47
04. Management of links between signals																							
04.01 Creating the connection between signals				YES																			48
04.02 Deleting the connection between signals						YES																	49
04.03 Adding signals to the connection								YES															50
04.04 Deleting signals from the link										YES													51
05. Notification management																							
05.01 Add deletion note	YES	YES																YES					52
05.02 Delete the deletion note	YES	YES																YES					53
05.03 Adding subscription to notifications																			YES				54
05.04 Unsubscribing to notifications																			YES				55
05.05 Query notification subscriptions (search for already defined subscriptions by a National System)																			YES				56 / 57
05.06 Sending notification																	YES						58
05.07 View Notifications																			YES				
06. Execution of reports																							59
06.01 Add job to the job scheduler														YES								YES	60 / 61
06.02 Report execution launch																						YES	62
06.03 View report																						YES	63
06.02.01 Launch of the alert and flag history report																					YES		64
06.02.02 Launch of connection history report																					YES		65
06.02.03 Launch of non-public report																						YES	66
06.02.04 Message log report launched																				YES			67
06.02.05 Launch of the alarm log report																				YES			68
06.02.06 Launch of the data consultation log report																				YES			69
06.04 Deletion of report at the time of expiration																						YES	
06.05 Execution of public report																						YES	
Flag management																							70
08. Flag deletion when signaling												YES											71
09. Adding Flag to signaling										YES													72
10. Change Flag attached to signaling											YES												

11.00 Query execution

11.01.01 Execution interrogation Standard Object																						
11.01.01.01 Banknote Standard Query Execution											YES											73
11.01.01.02 Standard query execution for boat engines											YES											74
11.01.01.03 Execution of standard firearms query											YES											75
11.01.01.04 Execution of standard industrial equipment query											YES											76
11.01.01.05 Execution of standard license plate query											YES											77
11.01.01.06 Standard securities query execution											YES											78
11.01.01.07 Execution of standard query blank documents											YES											79
11.01.01.08 Execution of standard query of issued documents											YES											80
11.01.01.09 Execution of standard query for boats											YES											81
11.01.01.10 Standard container query execution											YES											82
11.01.01.11 Execution of standard aircraft query											YES											83
11.01.01.12 Execution of vehicle standard query											YES											84
11.01.01.13 Execution of standard query of registration documents vehicle											YES											85
11.01.02 Execution interrogation standard people																						
11.01.02 Execution Standard query of persons											YES											86
11.02 Execution Standard query for several categories of ALERTS											YES											87
11.02.01 Query execution on several categories of alerts relating to persons											YES											88
11.02.02 Query execution on several categories of alerts regarding vehicles											YES											89
11.02.03 Query execution on several categories of alerts on the basis of RFID											YES											90
11.02.04 Query execution on several categories of alerts on the basis registration or identification number											YES											91
11.02.05 Query execution on multiple alert categories for boats or boat engines											YES											92

Task	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	16	17	18	19	20	#
11.02.06 Query execution on multiple alert categories for document													YES								93
11.03 Query execution for multiple and incompatible alerts													YES								94
12. Execution Extended query																					
12.01 Launch extended query execution														YES							95
12.02 View extended query result														YES							96
13. Complementary Query Execution													YES								97
13.01 Loading additional alert information													YES								98
13.02 Loading binary data													YES								99
13.03 Loading scanned documents													YES								100
13.04 Loading information on the connection between signals													YES								101
14. Signal validation																					
14.01. Validation of SIRENE signaling																					102
14.02 Export signaling to CS.SIS																					103
14.03 Withdrawal of signaling from CS.SIS																					104
16. Notification of expiration of alerts																					
16. Issuing a report with alerts that are about to expire																YES					105
17. Automatic deletion of signaling upon expiration																					
17. Deletion of signaling upon expiration			YES																		106
19. Staging Database																					
19. Completion of signal data received from a national system	YES	YES	YES																		107
